

June 2017

Dear Sustainable Jersey Committee,

The Chester School District strives to make sustainable purchases whenever it is possible. When making purchases for motorized cleaning equipment, the district works to ensure that the equipment purchased has a Green Certification. By making sure that our cleaning equipment is Green Certified, we are taking a step to becoming a more sustainable district and making it so that our students and staff can learn and work in healthy, clean environments. Below you will find the make, model, units purchased, purchase date, and green certification of the Green Cleaning Equipment that we have purchased in the last 36 months.

Make	Model	Units Purchased	Purchase Date	Green Certification
Clipper	KA10080250 Extractor, 12 Gallon Carpet Extractor	1	5/22/2017	LEED IEQ
Clarke	Focus II Boost 28 Auto Scrubber - W/ 312H AGM Battery O/B Charger	1	5/22/2017	Clarke Green Certified Equipment
Clarke	Focus II Boost 28 Auto Scrubber - W/ 242H AGM Battery O/B Charger	1	5/22/2017	Clarke green Certified Equipment
