Good morning Green Team,

I have more amazing news and an awesome opportunity for our school. We have been selected to participate in the **NJ emPowered Schools Program**. It's a program that brings awareness, training and funding for taking **Green Energy Saving Measures** at our school. Mr Cruz's Environmental STEM classes will be participating in the program for students but we need your support with the Green Measures.

**There are just 2 simple actions needed today.** Please view the attached slideshow and sign a Go Green Pledge form. Ms Griffin will distribute the pledge forms to you today. Please return them to the **Main Office** by the end of the day and let's begin taking the steps to **Go Green** and save energy!!

Thank you so much for your support! Go WTMS!!!
