

## ***Qualitative Assessment Template***

***Name of Action:*** Green Fair

***In a few short sentences, please describe the action and identify your partners.***

Our Green Fair highlighted our school's sustainability efforts and our community partnerships. Each school invited and featured the following partners during the Virtual Green Fair:

EZ Ride - Anastasia School

Sodexo Food Service - Gregory Elementary

NJJIT - Audrey W. Clark

PowerSave Program - George L. Catrambone Elementary

Amy's Yogabilities - Middle School

Long Branch Partnership Health Center - Joseph M. Ferraina ECLC

Long Branch Environmental Commission - Morris Ave ECLC

Mazza Recycling - Lenna W. Conrow ECLC

Monmouth Medical Center - High School

***Even if the action was performed by volunteers, or you got in-kind donations, please estimate your costs and the time commitment required to complete the action.***

No costs for marketing or video production since each school and the district created their own video presentation and used social media platforms and email blasts to promote the event. Approximately 40 hours total of website building, event promotion, and video production time.

***Assess what worked and what could be done if this action is tried again in the community.***

Our partnership highlights segments worked out great and were very educational, we had students voice over the overview of each partner talking about what they do for our schools. In the future, we would like to have our partners create their own 30 second video to be featured during our Green Fair.

***What are the next steps for this action?***

Members of our school's Green Team will meet throughout the 2021-2022 school year to discuss the activities to be highlighted during our 2022 Green Fair.
