Yes, Michelle. No problem - we can do that and I have made the adjustments on our calendar. Do me a favor and send me a reminder the day before please as I will need to adjust the company settings for webinars. I can't change that now or else it will affect other webinars we have before then.

The kids will be in the audience and not able to see anybody but us. Let me know if you have any other adults/teachers, Principal who you want to be seen so I can invite them to be panelists.

Sincerely,
Lisa

Lisa,

Here are the dates and times for the Assemblies at GLC:

May 24th Grades 3-5 Bicycle safety 8:30-9:15A.M.

May 26th K-2 pedestrian safety 10-10:45A.M.

These times fit in best with our schedule, can we make this work?

My principal requested again **that students can not unmute themselves and the chat must be turned off.** These two have been serious problems in other assemblies.

Thank you so much for your time.

Michelle

Lisa,

I spoke to the principal, she has requested that you host the meeting. We will do two assemblies - one for K-2 and the other for Grades 3-5. She

requested that the chat element be turned off and that all students are automatically muted upon entering the assembly. You should be the only one who can unmute a student. They should not be able to unmute themselves. Writing in the chat and unmuting themselves to interrupt the speaker have been problems in the past.

If possible, we would like to do the 3-5 grades on the 1st date and the K-2 on the 2nd date. Can we wait on setting a specific time till we get back from spring break? We are going to be out from tomorrow till April 6th.

Thanks for all that you do.
Happy Easter,

Michelle

We can join you on whatever you use or we can host up to 500 on our Zoom and send you a link to join us. But so far, schools like to add us to whatever they use so kids can use whatever they are used to.

Our emails are LHoward@ezride.org, ZCalle@ezride.org, and LLee@ezride.org so you can invite us.

Thanks,
Lisa

Yes, we are available Monday 5/24 and Wednesday 5/26 during those hours. Shall I reserve for you? Is this bike or ped safety- we have been doing a combo for little ones of bike video and ped safety rules and some other bike slides.

Sincerely,
Lisa
