

## Breakfast After the Bell 2022

For 2021-22 school year free breakfast is offered to all students at the George L Catrambone School daily. Our school population includes 740 students, 84% of which travel to school on 14 buses. 92% of our students are from low income households and qualify for free and reduced lunch this year 100% of our students are eligible for free lunch and breakfast. Due to the number of students and the number of buses, our robust breakfast program begins slightly (10 minutes) before the bell and continues after the bell in classrooms until all buses arrive. All GLC students enter at the start of the day and choose a free balanced, healthy Breakfast in the cafeteria if they are early, or at their desks if they enter at the bell or after as part of our robust breakfast after the bell program. All students are able to eat their breakfast without missing any instruction time if they arrive after the morning bell. The cafeteria supplies a variety of hot and cold healthy breakfast food choices. Meal choices include fresh fruits, cereal, milk, juice and crackers as well as waffles, eggs, pancakes, muffins or yogurt as an alternative. Menus are provided on our website monthly so that parents are made aware of what is offered each day. In order to promote our program we sent flyers out and included it on our webpage. There is a photo included below of the breakfast to go cart outside the main office for students arriving each day after the bell. This ensures that all students have breakfast no matter what time they arrive.

Total School Population	740
# of Students Receiving Free and Reduced Cost Lunch	740
# of Students on Busses	622

Dear Parents and Guardians,

This year, we need your help to make sure all of our students are fully prepared for academic success. We all know that hungry children have a more difficult time doing their best work. That is why we encourage all students to energize their school day with a nutritious breakfast.

The School Breakfast Program is available to all students every weekday morning. You do not have to register your child in advance. Your child can eat breakfast at school every day or only occasionally free. School breakfast makes good sense - everyday, students are offered meals that include servings of fruit, whole grain-rich items, and low fat or fat free milk. These breakfasts are well balanced and follow standards backed by the best nutritional science available. Participation in the program also affords children a chance to enjoy a morning meal with their friends.

School Breakfast is an ideal solution on busy mornings when kids are running late or parents have to be at work early. Whatever the reason, if breakfast at home is not convenient, please have your child take advantage of breakfast here at school so that they may enjoy the numerous benefits of starting their day with a healthy meal.

Thank you for helping us to make sure that all of our students start the day alert, well fed, and ready to learn.

Sincerely,

"Together We Can, Juntos Nos Podemos, Juntos Podemos"

Dear Staff,

Through the free breakfast program, LBPS ensures that all students start the day with a healthy meal. Please allow all students arriving at the start of school the opportunity to pick up their breakfast on the way in and bring it to the classroom to avoid missing the start of instruction. Please allow them time to eat their breakfast while instruction begins for the day.

Please see me with any concerns.

Sincerely,

*Jessica Cunneff*
