January 2022

Sustainable Jersey for Schools,

In accordance with the state's recommendations to purchase environmentally preferred cleaning equipment that help minimize potential impacts on human health and the environment, the Long Branch Public School District has purchased certified green equipment in the past 36 months.

We have always been environmentally sensitive when purchasing products, however, we have also taken additional steps to implement a green cleaning system in our schools. The new equipment improves efficiency and helps ensure an allergy and asthma-friendly environment for students and staff while improving indoor air quality.

Attached, please find a list of items purchased in the last 36 months and assigned to buildings throughout the Long Branch Public School District for daily use. Thank you for your time and consideration.

Peter E. Genovese III, RSBO, QPA
School Business Administrator/ Board Secretary

Ann C. Degnan, CEFM
Assistant School Business Administrator for Facilities
