

# Food Waste Reduction at GLC

**Share  
tables  
and  
baskets**

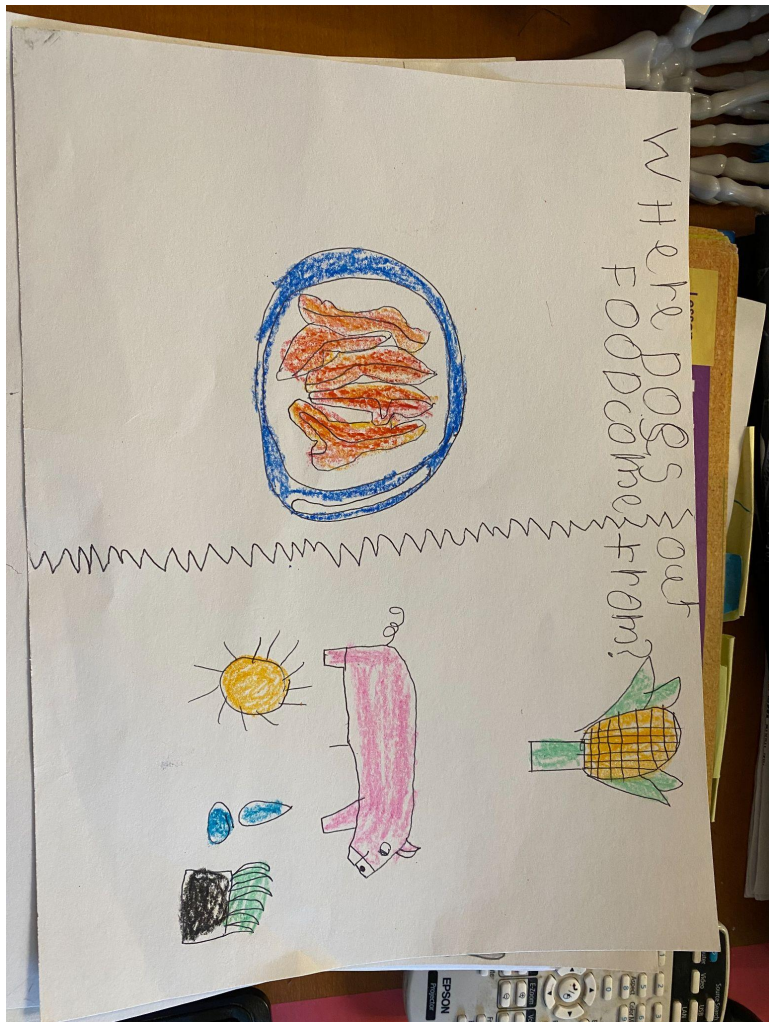

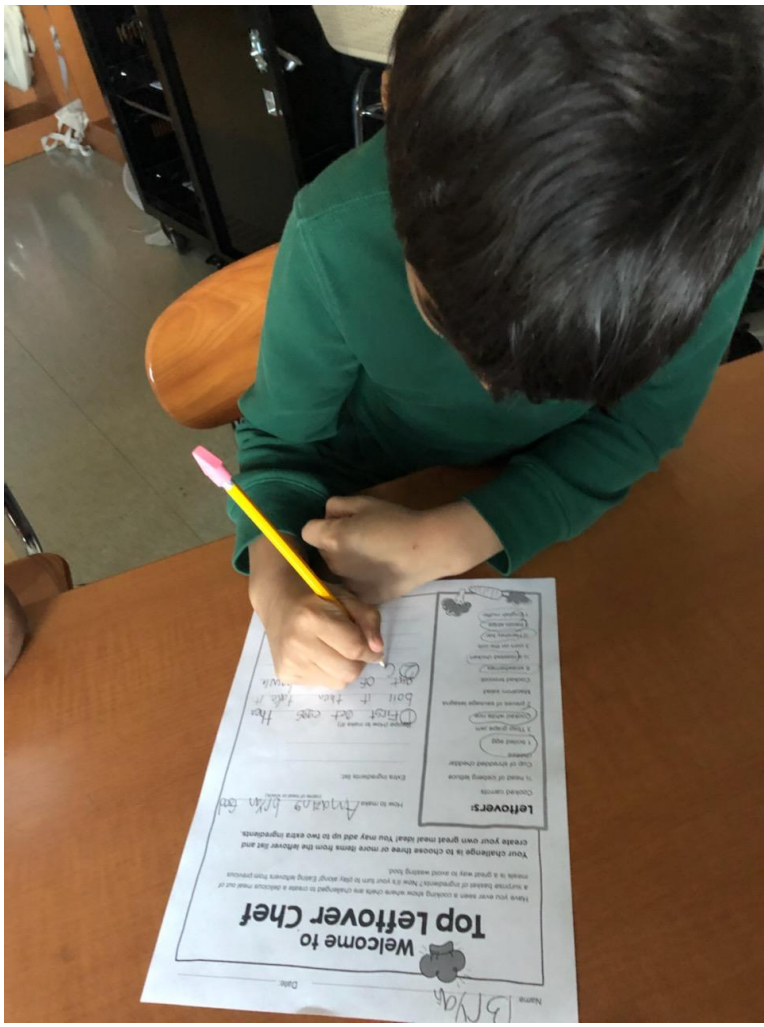

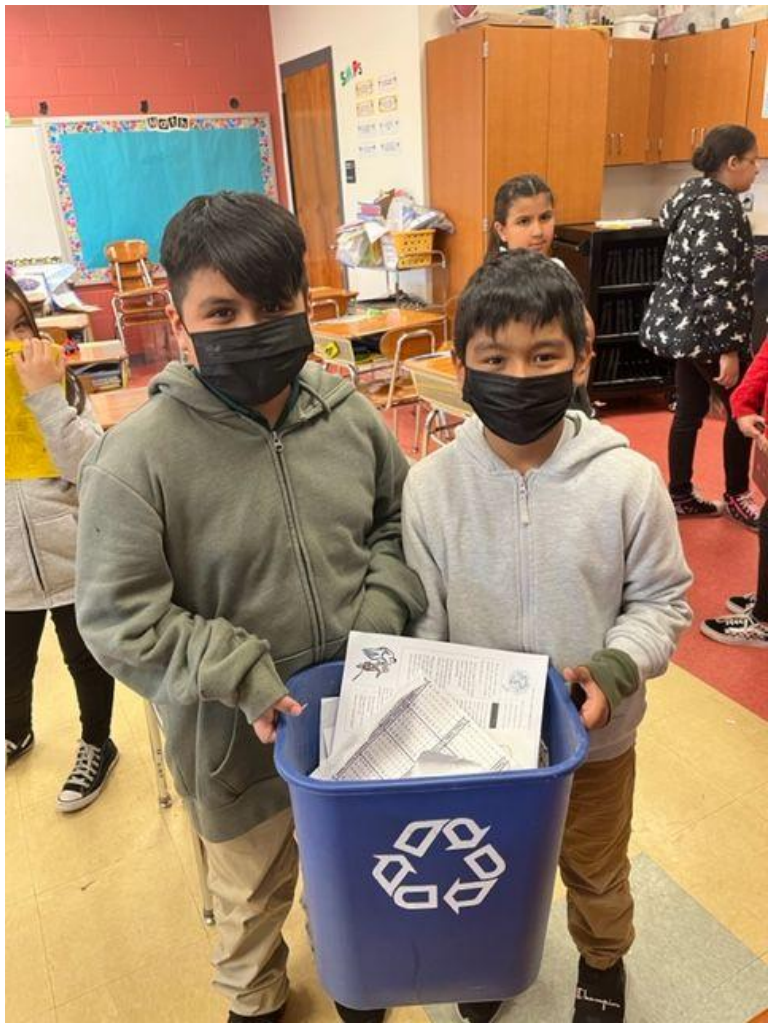

Name: Thaly son Date: \_\_\_\_\_

 **Welcome to Top Leftover Chef**

Have you ever seen a cooking show where chefs are challenged to create a delicious meal out of a surprise basket of ingredients? Now it's your turn to play along! Eating leftovers from previous meals is a great way to avoid wasting food.

**Your challenge is to choose three or more items from the leftover list and create your own great meal idea! You may add up to two extra ingredients.**

**Leftovers:**

- carrots
- egg lettuce
- cheddar

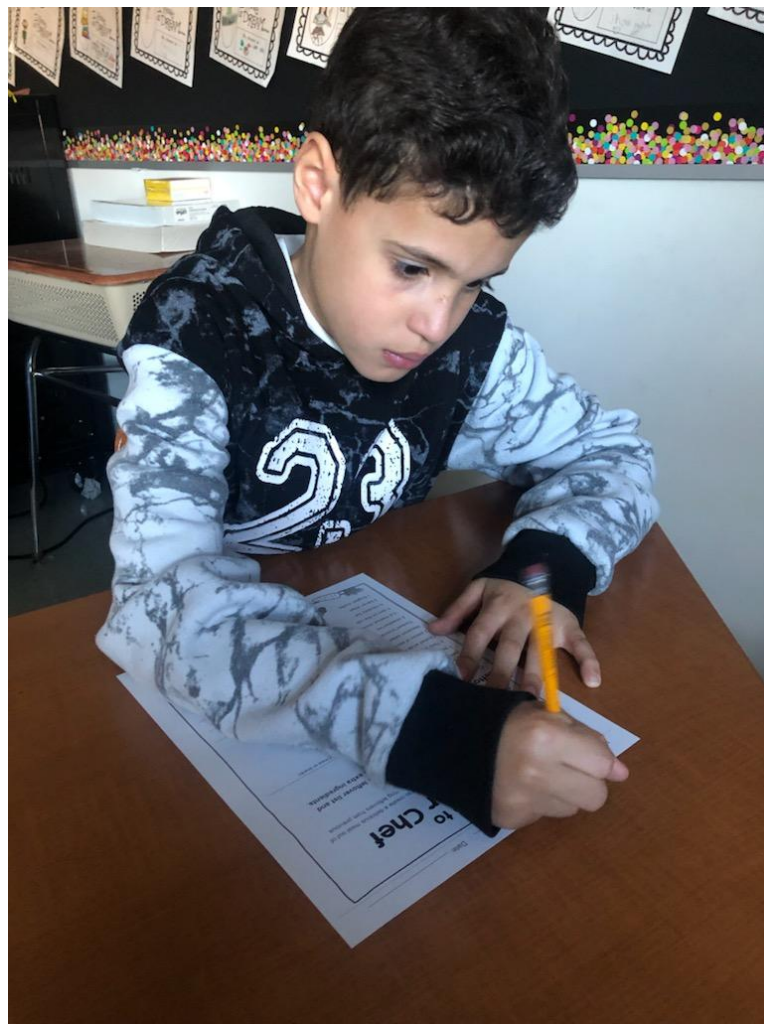

**How to make:** Sweet strawberry salad  
(name of meal or snack)

**Extra ingredients list:**

- oil and vinegar

**Recipe (How to make it!):**

1 cup + the lettuce

## Food Waste Warriors (February Lesson)

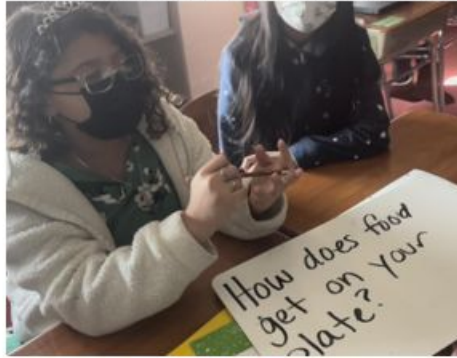

STUDENTS WILL LEARN . . .

- what food waste is.
- how food waste negatively impacts our environment.
- two strategies for reducing food waste at school and at home.

Introduction ( given prior to lesson): [Student responses](#)

### Questions:

- What is food waste?
- What do you do with your leftover food after lunch?
- How do you think the food gets to your plate or lunchbox in the first place?
- What do you think happens to the food once you put it in the trash?

## Unit 3 Project

# GLC Goes Green

By:

Luzi Meri

Food waste is hurting Our Earth

HERE IS MY 2ND REASON THAT FOOD WASTE IS A BIG PROBLEM!

THE COUNTRIES THAT ARE HIGH IN FOOD WASTE IS CHINA WITH AN ESTIMATE AROUND 91.6 MILLION TONS OF FOOD WASTE AND THE 2ND HIGHEST IN FOOD WASTE IS INDIA WITH AN ESTIMATE OF 68.8 MILLION TONS OF FOOD WASTE. 2ND IS THAT FARMERS WANT TO GET RID OF FOOD WASTE FOR GOOD

Environmental Problem

# FOOD WASTE

Don't buy more than you can eat!

ONE SIXTH OF THE WORLD WASTE THE FOOD THAT IT MAKES. EACH PERSON THROWS ABOUT 121 KILOGRAMS AWAY PER PERSON! HALF OF THE FOOD IS THROWN AWAY BY HOMES. WITH ALL THAT FOOD WE CAN FEED PEOPLE WHO ARE STARVING OR WE CAN DONATE THE FOOD WE DONT WANT ANYMORE

# Food waste is a big problem

- WHY CAUSE FOOD WASTE THE FOOD WASTE WE THROW OUT CAN FEED 2 BILLION PEOPLE EACH YEAR SO THAT WE CAN FEED 10 BILLION PEOPLE IN 5 YEARS
- FRANCE IS THE FIRST COUNTRY TO BAN SUPERMARKET FOOD WASTE
- FOOD WASTE IS EASY TO IGNORE BUT JUST WAIT UNTIL WE GO LOW ON FOOD IT WOULD BE A HUGE PROBLEM
- ALL THE FOOD WE THROW IS FOOD WASTE ,GROSS HEALTHY FOOD AND SUPERMARKET WASTE

## Making Changes

I THINK THAT DONT WASTE A LOT OF FOOD SERVE A LITTLE THEN AFTER THAT IF YOU'RE STILL HUNGER SERVE YOUR SERVE YOURSELF A LITTLE MORE AND IF YOU DON'T WANT FOOD THAT YOU BOUGHT AND IS STILL NOT OPEN DONATE IT AND FEEL PROUD OF WHAT YOU DONE CAUSE YOU JUST SAVED ONE PERSON OF STARVING TO DEATH **Nearly 200 of world's biggest food suppliers pledge to halve food waste by 2030**

## GLC Goes Green Project Rubric

Slide 1: Title Slide	
Type your first and last name	✓
Slide 2: Environmental Problem	
Include the name of the environmental problem you chose	✓
Include a picture that has to do with the topic	✓
Include animation	✓
Slide 3: Main Point #1	
Include the first reason that you believe this is the biggest environmental problem our planet is facing	✓
Support your opinion with at least 2 facts	✓
Include a picture that has to do with the topic	✓
Include animation	✓

Slide 4: Main Point #2	
Include the second reason that you believe this is the biggest environmental problem our planet is facing	✓
Support your opinion with at least 2 facts	✓
Include a picture that has to do with the topic	✓
Include animation	✓
Slide 5: Main Point #3	
Include the third reason that you believe this is the biggest environmental problem our planet is facing	✓
Support your opinion with at least 2 facts	✓
Include a picture that has to do with the topic	✓
Include animation	
Slide 6: Making Changes	
Include and explain the best solution to this environmental problem	✓
Include a picture that has to do with the topic	✓
Include animation	✓
